Recipe: Strawberry Shortcake (Cake off Edition)

Difficulty:     

Ingredients

- 2 boxes vanilla or white cake mix
- Ingredients listed on the cake mix box
- 1 tsp vanilla extract (optional)
- 1 tub whipped cream
- 1 bottle strawberry sauce
- Pink or red food coloring
- 2-3 pints freshly cut strawberries
- Rainbow sprinkles

Directions

1. Mix up two boxes of vanilla or white cake mix, adding a splash of vanilla.
2. Bake in 2-3 round pans as the box directs, until golden and lovely. Cool completely.
3. Swirl strawberry sauce into whipped cream for a fluffy pink frosting, adding food coloring if you want it brighter. Save a little plain cream for swirls.
4. Layer the cakes with cream, sauce, and berries, stacking them tall and sweet.
5. Frost the outside with strawberry cream, smooth or rustic, whichever feels best.
6. Decorate with swirls of cream, juicy strawberries, drizzles of sauce, and a shower of sprinkles.
